

## VACCINATIONS

Pastor Jason

At times we find it necessary to speak to current events and what is happening in the world so the flock of New Life are fully informed and hear the biblical perspective that the elders have on such matters. Last Sunday, Pastor Bruce spoke in great detail as to our thoughts and feelings concerning the vaccines. We want to be very clear: we are NOT telling you what you should or should not do in regards to the vaccine, we are simply stating that you need to be informed and make a wise and prayerful decision. That said, we have no hesitation letting you know that all of the elders have some major reservations about the production and lack of testing of these vaccines. We have shared concern over the “ingredients” as well as the unknown side effects that could potentially arise. Just this morning, the government “paused” the J & J vaccine due to dangerous cases of blood clotting.

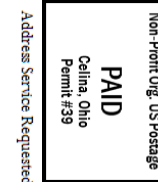

Some of you have taken it already and all of us have family members that have as well. We by no means are trying to instill fear in regards to this vaccine, however, we feel it is our calling to watch over the flock of God and help you choose how to navigate the waters of these troubled times. If you took the vaccine...trust that God will keep you. If you don't take the vaccine...trust that God will keep you! Have faith in HIM!

## THRIVE YOUTH CORNER

Parents: Thank you so much for attending our luncheon on Sunday, April 11. We are blessed to be able to work with, and develop your students' spiritual giftings and abilities. It really is a lot of fun to be a youth leader and we appreciate you sharing them, along with your insight into how better to communicate with them.

We heard your feedback in the meeting and will continue to make their youth experience enjoyable as well as spiritually filling. I (Tom S.) remember that my salvation experience was at youth camp and I will never forget how grateful I am that youth leaders cared for me, prayed for me, and developed a spiritual foundation in me. God is SO GOOD!

## GETTING TO KNOW YOU

Tom Sanford

Let me introduce you to Brent and Vicki Beverly. They have been coming to New Life for a few years, and they are a great couple to get to know. You may have seen Vicki's smiling face at the McDonalds drive thru when you would get your early morning coffees or hash browns. She spent a number of years there greeting people. Brent has worked at CAPT in the maintenance department for quite a few years. He has always been a hard worker and knowledgeable with tools. Vicki grew up in San Gabriel, California and has 8 sisters! She was very athletic, loving softball, volleyball, gymnastics, and track growing up. Her family had strong Baptist roots, as her grandfather was the superintendent group in California. In her teenage years, Vicki moved and found a numerous times, pentecostal church and she really enjoyed and pressed into. Brent grew up in Churubusco, Indiana and has 2 siblings and has always had farming in his blood. He didn't necessarily have a church background though he did attend a Lutheran church near Fort Wayne for a time. The two met each other in 2005 and married in 2011. Brent had a major trial in life right after their marriage where he almost died, but was taken into emergency surgery. Vicki can tell the details of God's faithfulness in their lives. It is an amazing story! Between the two, they have 9 kids ranging from 23-35 and there are 6 grandkids with one on the way. They both enjoy New Life and visiting with the people. If you get a chance, ask Vicki about her story of God's faithfulness with tithing, and ask Brent about raising buffalo! He sure went for a ride! Make sure you get to know these good folks as soon as you can!
